

Hi Koa! How are you? I hope you're doing well and having a great time! Thanks to Merol, I have this wonderful opportunity to write and tell you how amazing you are to me. For some time now you've been a direct influence on my life and have motivated me to keep pushing myself. Your desire to create a community to share with allowed me to meet the one person I cherish and love the most, that's you, Koa. All your hard work always touches and warms my heart. Thanks to your playful personality I can spend my afternoons feeling like I have a place where I belong. Your artistic abilities never cease to amaze me. In all your covers and karaoke performances, your trained and carefully crafted voice brings tears to my eyes because of how beautifully you sing. Your dances are so varied and natural that I feel like I can see all the hours of work you put into each of your skills.

You're amazing, Koa. Seeing you achieve your goals and dreams with your persistence is one of the things that makes me the happiest. Thank you for choosing to dedicate so many hours of your life to us despite the difficulties. Thank you for wanting to meet your Koanikis. Thank you for always being so sweet and mischievous. I truly love you.

Please, if you ever doubt what you're capable of or what you can do, remember that I and many other people around the world see you as someone to admire and follow for who you are. Thank you for being who you are, Koa, and for letting us get to know you.

You are always in my thoughts.
