

Letter for Koa

Because you make me happy

Its been a long trip, you have been working hard every day, every hour, every minute and every second. I want to show you my love one more time, you are touching the Glory with your own hands and I can feel your happiness when you do streams, VOD's, ASMR...

Everything, because you make me happy my beatiful Koa. I know I have been away... Too much time, sometimes life is harder than usual but you'll have a piece of my mind and my heart forever, you are an important part of story ☐

No puedo creerlo, no puedo creer la felicidad que tanto me colma verte o escucharte o escribirte, es para mí un honor ser un tripulante de tu barco mi capitana

With love,

David'e
